

# Non-displaceability in symplectic reduction with a microlocal point of view

Nicolas Vichery \*

[vichery@math.univ-lyon1.fr](mailto:vichery@math.univ-lyon1.fr)

---

We will present some framework to detect rigidity phenomenon in symplectic reductions of coisotropic subset of cotangent bundle.

*This is an on going work in collaboration with Sylvain Courte and Stéphane Guillermou.*
