

## Project Project

### Centro Internacional de Matematica (CIM)

For MPE 2013, CIM plans to organize (possibly together with Sociedade Portuguesa de Matemática) the following two International Conferences during 2013:

-International Conference "Planet Earth, Mathematics of Energy and Climate Change"

Local main organizers: Alberto Adrego Pinto (CIM president) and Sílvia Gama (CIM Direction board)

-International Conference "Planet Earth, Dynamics, Games and Applications"

Local main organizers: Alberto Adrego Pinto (CIM president) and Jorge Buescu (CIM Direction board)

CIM will consider editing a Springer Volume with expository papers on MPE themes and interviews with the participants of the international conferences.

José Francisco Rodrigues (President of CIM Assembly) plans to organize a mathematical exhibition in Portugal on the theme MPE 2013 that will take place in the Museum of Science of the University of Lisboa.

More activities are expected to be planned later on.
