The institute has experience in many international events (conference, workshops and schools) with many international contacts, including MoUs with Institute of Mathematics, Vietnam and BIOS, Scotland. The institute is planning to conduct the following events for the MPE2013

- 1) Complex Systems Tropical School (CoSTS)
- 2) Workshop on Disease Modeling (WoDMo)

The theme of these events will be chosen in the appropriate context of MPE2013.
