

Société Française de Statistique (SFdS)

The Société Française de Statistique (SFdS) will mainly participate through its Environment Group of the SFdS, which will organize various activities related to MPE2013:

Math 2013

Jean-Michel Poggi,
jean-michel.poggi@math.u-psud.fr

- specialized sessions on "statistics for Earth sciences" during the SFdS
- annual conference in Toulouse with invited speakers on this topic, May 2013
- "café de la statistique" on climate and environment aimed at the general public,
- call for papers on statistics and earth sciences for a special issue of the Journal of the SFdS,
- a special session, "statistics and geomorphology", at the 8th conference on geomorphology, Paris August 2013- exhibitions and conferences jointly with associations that promote mathematics in schools.
