DATE :
Le jeudi 5 mars 2015 / Thursday, March 5, 2015

HEURE / TIME :
16 h / 4:00 p.m.

CONFERENCIER(S) / SPEAKER(S) :
Alvaro Pelayo (UC San Diego)

TITRE / TITLE :
Classical and quantum integrable systems

LIEU / PLACE :
McGill University, Burnside Hall, 805 rue Sherbrooke 0., Montréal, salle 920

RESUME / ABSTRACT :
Integrable systems appear naturally in many branches of mathematics and physics. I will present recent progress in the subject, emphasizing the interplay between spectral theory and symplectic geometry.
